Registration

There are two ways to make the registration/Payment:

1. On-line => through the on-line registration form and payment through "PayPal". Participant will directly pay to our IWGT09 account and a receipt of payment will be sent to the participant and to IWGT09 registration-iwgt09@tosinproductions.ch

Some people will maybe make their registration for IWGT 2009 Basel through the ICEM 09. In that case, could you send me all the registrations for the IWGT 2009 Basel to: registration-iwgt09@tosinproductions.ch,

Question:

- 1.1. How do the ICEM on-line registration triggers e-mails to registration-iwgt09@tosinproductions.ch once somebody has registered?

A possibility could be to trigger an automatic e-mail to registration-iwgt09@tosinproductions.ch once somebody has registered, this creates an e-mail from registration-iwgt09@tosinproductions.ch with a number and the request to the registrant to validate the registration with a response to registration-iwgt09@tosinproductions.ch.

Thereby the registrant verifies the registration number and his/her e-mail.

Please, could you check with your webmaster what they exactly need to include the "PayPal" system.

2. By Fax or Mail => Registration form to be send by Fax or Mail and payment to be made through "Bank transfer". Receipt of payment will be sent to IWGT09 registration.iwgt09@tosinproductions.ch
